Installation of SysTools Migrator

You can install **SysTools Migrator** properly on your computer system by performing the followingsteps:

- Download **SysTools Migrator** latest version from thewebsite.

- Double click on downloaded **SysTools Migrator** (systools-migrator.exe). Click on the **Run**option.

- Once you will double click on set up, the setup will ask, ***Do you want to run this file*** and you have to click on **Run** to proceed ininstallation.

- After this, when you will click on **Run**, you will get welcomed in **SysTools Migrator** setup, you have to click on **Next** in that setup toproceed.

- After clicking on **Next**, the set up will offer you a License agreement and you have to **accept** that agreement to proceed. Once you will accept the agreement, the **Next** option will automatically get activated for you and you have to click on that toproceed.

- When you will click on **Next**, you will be asked to select destination location for installation of software. By default, the software will get installed on this location *C:\Program Files\SysTools Migrator* but, if you wish then, you can also select a different destination location by clicking on **Browse** button. *(Once you will select the destination location, you have to click on **Next** to proceed).*

- After doing this, you have to select the **Start Menu** Folder in which the shortcuts of program needs to be placed and click **Next**.

- After selection of Start Menu folder, the set up will ask you to perform Additional Tasks like **Creating Desktop Icon** or **Creating a Quick Launch Icon**. You have to perform additional tasks as per your need andproceed.

- After this, the set up will give you a message saying that software is ready to install on computer system. (You have to click on **Install** button in that Message Window to move to the last step of installationprocess).

- At last, you will get a confirmation message saying that setup process is complete, do you want to Launch **SysTools Migrator**. You have to click on **Finish.**
